Clinic Presentation, By Chuck Hart **Control Points and Zones**

What are Control Points and Zones? Are they the same thing? How does the prototype use Control Points and Zones in daily operation. How can they be used on your model to enhance 'your' railroad operation. Chuck will discuss these subjects and describe both prototype and model examples during the clinic.

Elkhart Model Railroad Club 75th Anniversary.

Thanks to all who attended. It was a HOT day however the club estimated well over 100 people turned out to help celebrate with the club members, eat some great food from the grill and enjoy the many trains operating during the open house.
